

Plantation Acres Improvement District Broward County Florida

District Manager's Report

January 25, 2018

Last Month's Follow up

No meeting in Dec. 2017

Pump Station

Stations 2, 5 and 6 are still in off position, until further notice, as per engineering request.

Luis to clean 2 radiators and repair valve cover leaks.

We need to order spare belts at local dealership. The previous online bargain belts are already unserviceable (split open down the center length along seams).

Rainfall

This Month = 3.00"

Previous Month total = 0.0"

Yearly total = 3.00"

Canals

This Month = 4.02'

Previous Month total = 3.92'

Yearly total = 4.02'

Projects

Staff is ready to begin removing remaining Hurricane debris from canals. Awaiting order to proceed from Board.

Fleet

The Dump Trailer was restored (sanded and painted) in early December.

The F150 got new tires.

The F250 got a new battery.

I would like to order permanent strobe light bars for all 3 fleet vehicles.

Safety

No incidents to report at this time.

New

The District Drainage Status report is underway.

Several calls have been received about the Tree removal notices. Mostly to ask for more time for removal or inform that removal is in process. Some calls state "first time notice awareness".

Angel Alvarez

District Manager
